

3D view showing the revised seating area. The paving is now approximately 3.3m x 2.1m (11' x 7') and covered by a "Retreat".

The Retreat is a kit based covered pergola which is the same as installed in my neighbours' garden. This structure is guaranteed for 25 years and is approximately 3.3m x 1.9m (11' x 6'4") including overhang.

This structure has one filled side and one open side but the open side could be filled if required.

I have amended the planting areas to suit the new size of the seating area.

This structure could be lit if required.

CUSTOMER

Mr. & Mrs. Newman,
202, Brook Lane,
Sarisbury Green.
